CEE HOSPITAL E R UPDATE

from

CHARLOTTE'S TASK FORCE FOR RURAL HEALTH

July 15, 2010

Today's Sarnia Observer offered a ray of hope for finding a solution to reports that CEE Hospital's Emergency Department would be closed overnight. We want to remind those who are working to resolve the issue that **Closure is not a solution; it is a serious problem for rural residents.** Charlotte's Task Force for Rural health will continue to pressure the Ministry of Health, the Erie St. Clair LHIN, our MPPs and Bluewater Health to pursue options such as:

- Using Health Force Ontario doctors for night shifts
- Employing Med-Emerg (a private company that provides doctors on a temporary basis for a fee)
- Canvassing all doctors in Lambton County to see if any would be willing to do some shifts
- Canvassing qualified family physicians in nearby Michigan communities to determine if they can take shifts
- Encouraging the ER doctors in Sarnia to take shifts at CEE

Please check the post office in your local community to see updates from Charlotte's Task Force on the ER situation.
